

OUR ADVANTAGE

AS A GROUP we are able to pool our resources from each business, to increase our image and presence in the dried fruit and nut industry while keeping costs to a minimum. This allows us to pass on the savings to our valued customers.

AS A PACKER Sacramento Packing Inc. is one of only a few Packers that is also a Grower, with Dehydrator facilities onsite. This gives us the advantage of having our prunes brought in directly from the orchards and tunnel dried in a timely manner to insure optimum quality. Our prunes are mechanically harvested and dried without ever touching the ground, and 95% of the fruit we process and pack are from our family farms – so you can be sure our products are guaranteed in quality and traceability from each stage of progression.
